

## MAINBOARD PI ZERO 2 WIFI

€ 27,50

Excl. BTW: € 22,73

### Afbeeldingen

### Beschrijving

Powered by a quad core 64-bit ARM processor and 512MB of SDRAM, the Zero 2 is five times as fast as the original Raspberry Pi Zero - all built into the same tiny form factor, making it perfect for a range of smart home applications and IoT projects. This model comes with a 40-pin GPIO header preinstalled for easy connections.

- 1GHz 64-bit quad-core Cortex A53 processor
- 512MB SDRAM
- 2.4GHz 802.11b/g/n WiFi with shielded enclosure
- Bluetooth 4.2 Low Energy (BLE) with onboard antenna
- MicroSD card slot, CSI-2 camera connector
- Mini HDMI port and Micro USB OTG
- OpenGL ES graphics V1.1, 2.0
- H.264 MPEG-4 decode (1080p Full HD @30fps), H.264 encode (1080p Full HD @30fps)
- Pre-installed 40-pin GPIO header
- Board Dimensions: 65x30mm
