Beschrijving

A 2800 mAh capacity, ensuring double the lifespan and greater capacity compared to rechargeable AA batteries (1800 mAh). The USB-C port makes its power system efficient and universal: using a USB-C to USB-C cable (not included), a

full charge can be achieved in a maximum of two hours (ten times faster than AA batteries), anywhere you want, without the need for a wall adapter. The LEDs on the model make it easy to understand the charging progress and indicate when it's complete.
