

EINDVERSTERKER MONO 18W 6-12VD

€ 6,95

Excl. BTW: € 5,74

Afbeeldingen

Beschrijving

TDA2030A power amplifier module

On board TDA2030A audio power amplifier chip

Design of mono 18W power amplifier circuit

On board horn terminal block

On board 10K adjustable resistor, can adjust the volume of amplification

On board power indicator

The main pin of the chip has been led out, which can input audio signal directly

Working voltage: 6 ~ 12V

Board size: 31.6 (mm) x23.2 (mm)

Productinformatie

Artikelnummer	EV18W
Merk	Merk
Is on Sale	Nee
