Beschrijving

Features

- High purity aluminium foil etched with controlled pore structure
- Axial, bipolar, insulated
- Small dimensions for normal requirements
- Low loss factor
- Low capacitance tolerance
- Good ripple current

Technical Specifications

- Rated Voltage: 100V DC (35V AC)
- Capacitance Tolerance: $\pm 20\%$
- Temperature Range: $-40...+85^{\circ}\text{C}$
- Climatic Category (DIN 40040): 40/085/56
- Life Expectancy
 - at $+40^{\circ}\text{C}$: $>50.000\text{h}$
 - at $+85^{\circ}\text{C}$: $>2.500\text{h}$
 - at $+105^{\circ}\text{C}$: $>500\text{h}$

Dimensions L= 30mm D= 10mm and 2 x 40mm wire

Productinformatie

Artikelnummer	EBB15
Merk	Merk
Is on Sale	Nee
