

SECONDELIJM CYANACRYLAT 30GRAM TOT 135°C

€ 23,95

Excl. BTW: € 19,79

Afbeeldingen

Beschrijving

high viscosity, 2000-3000 mPa·s
slow-curing
temperature resistant from -50°C to +135°C
residual elasticity after curing, therefore particularly
suitable in ever changing climatic conditions
not sensitive to longer term humidity
excellent peel and shock resistance
ideal for bonding various different rubber materials
and plastics as well as metal to plastic

Productinformatie

Artikelnummer	CK2500HT
Merk	WEICOM
Is on Sale	Nee
