

## USB SWITCH 2/4 X PC-4X DEVICE

€ 33,95

Excl. BTW: € 28,06

### Afbeeldingen

### Beschrijving

The US424 is a 4-port USB peripheral sharing device that enables 4 computers to share the use of 4 USB devices - a keyboard, mouse and up to two peripheral devices. It eliminates the added expense of having a separate USB keyboard, mouse and peripheral device(s) for each computer. The US424 all-in-one design allows for a neat and tidy installation - no need to connect 4 separate USB cables to the computer, thus eliminating cable clutter.

Computer Connections 4  
Computer Selection Remote port selector  
Connectors Computer 4 x USB Type A Male (Black)  
Device 4 x USB Type A Female (Black)  
Power (Optional) 1 x USB mini B Female (Black)  
Cable Length USB Cable 2 x 1.2 m / 2 x 1.8 m  
Remote Port Selector 1.8 m
