Beschrijving

Foot and Palm Swiches IP67, IP69K

Technical Information (FAK-S/KC11/I)

Auxiliary contacts: = safety function, by positive opening to IEC/EN 60947-5-1

1 x N/O = Normally open

1 x N/C = Normally closed

Function: Spring Return

Standards: IEC/EN 60947 and VDE 0660

Lifespan, mechanical Operations: $\dot{A} 10/6 > 1$

Operating frequency Operations/h: $\ddot{U} 3600$

Actuating force: 20 "C 40

Degree of protection, IEC/EN 60529: IP67, IP69K

Climatic proofing Damp heat, constant, to IEC 60068-2-78

Damp heat, cyclic, to IEC 60068-2-30

Ambient temperature Open $\ddot{A}C: - 25 \dot{I} 40$

Mounting position: As required

Mechanical shock resistance to IEC 60068-2-27: >15gr

Shock duration 11 ms, half-sinusoidal

Contacts

Rated impulse withstand voltage: 6000VAC

Rated insulation voltage: 500V

Switching capacity
Rated operational current
15 - 230VAC: 6A
13 - 24 VDC: 3A

Productinformatie

Artikelnummer	D36031
Merk	MOELLER
Is on Sale	Nee
