Beschrijving

Technical Data

Input voltage 6 - 28 V/DC

Output voltage adjustable 3 - 15 V/DC (electronically stabilized)

Note The input voltage must be at least 3 V higher than the adjusted output voltage

Max. output current 1,5 A

Max. dissipation approx. 3 W without heat sink, approx. 10 W with heat sink (not enclosed)

Dimensions approx. 60 x 45 x 20 mm (without fastening straps)

## Productinformatie

---

Artikelnummer	MO15N
Merk	KEMO
