

TRANSFORMATOR 0.50VA 1X7.5V 1X67MA

€ 3,78

Excl. BTW: € 3,12

Afbeeldingen

Beschrijving

Features

- Winding of double coated copper wire for better insulation, vacuum casted, two chambers
- Connections for PCB use

Technical Specifications

Temperature Resistance Class ¹⁾ :	Ta 70/B
End Temperature in Case of Short Circuit, Max ²⁾ :	175°C
End Temperature in Standard Use:	120°C
Permissible Overtemperature ³⁾ :	50K

Primary Voltage (50/60Hz):	230V AC
Performance, Max. (Ta 70/B) ²⁾ :	0,5VA
Test Voltage:	4kV/50Hz
No-Load Voltage (According to VDE 0570):	<2 x U _{N sec}

¹⁾ The Maximum Permissible Continuous Ambient Temperature Applies in the Event of Short-Circuit ²⁾ Taking into Account the Indicated Temperature Resistance Class, ³⁾ At 70°C Ambient Temperature

Productinformatie

Artikelnummer	1070005M
Merk	HAHN
Is on Sale	Nee
