

LED VOEDING 24V/6.25A 150W IP65 BEHUIZING

€ 62,50

Excl. BTW: € 51,65

Afbeeldingen

Beschrijving

- Constant voltage and constant current
- Independent power supply
- Metal housing
- Wide input range
- Overload protection: constant current limiting, auto recovery
- Protections: short circuit, overcurrent, overvoltage, over temperature
- Built-in active PFC function
- Suitable for LED lighting applications
- SELV
- Safety standards: EN61347-1, EN61347-2-13 and more
- EMC standards: EN55015, EN61000-3-2 Class C, EN61000-3-3, EN61547 and more
- Meets 6kV surge immunity level
- 5 years warranty
- **ELG-150_**: IP67, voltage and current fixed
- **ELG-150_A**: IP65, output voltage and current adjustable through built-in potentiometer on the bottom side of the

housing

- **ELG-150_B:** IP67, dimming via executed control line, 3 in 1 dimming function (0...10V DC, PWM, 100k Ohm potentiometer)
- **ELG-150_AB:** IP65, output voltage and current adjustable through built-in potentiometer on the bottom side of the housing, dimming via executed control line, 3 in 1 dimming function (0...10V DC, PWM, 100k Ohm potentiometer)
- **ELG-150_DA:** IP67, DALI interface

Productinformatie

Artikelnummer	ELG15024AB
Merk	MEANWELL
