Beschrijving

Construction

- Vacuum encapsulated, bobbin with two chambers
- Leads through soldering pins to accommodate PCB mounting
- Designed to match EN61558, UL506 approved
- Types with double primary and secondary windings (2x115V) suitable for application in 115V as well as 230V power supplies

Size

Performance	Height h	Weight
	[mm]	[g]
4VA	19	150

6VA	22	185
10VA	28	260

Required Protection

Performance	Primary Fuse
6VA	2x315mA
10VA	2x315mA
16VA	125mA (115V) / 63mA (230V)

Productinformatie

Artikelnummer	2150060MLP
Merk	MYRRA
