**Beschrijving**

**Construction**

- Vacuum encapsulated, bobbin with two chambers
- Leads through soldering pins to accommodate PCB mounting
- Designed to match EN61558, UL506 approved
- Types with double primary and secondary windings (2x115V) suitable for application in 115V as well as 230V power supplies

**Size**

Performance	Height h [mm]	Weight [g]
10VA	22	285
14VA	24	335
18VA	27	405
24VA	31	480

30VA	35	550
------	----	-----

Required Protection

Performance	Primary Fuse
10VA	125mA (115V) / 63mA (230V)
14VA	160mA (115V) / 80mA (230V)
18VA	200mA (115V) / 100mA (230V)
24VA	250mA (115V) / 125mA (230V)
30VA	315mA (115V) / 160mA (230V)
